## Small Fruits

|                    |                      |                |                                      |
|--------------------|----------------------|----------------|--------------------------------------|
| Latham Raspberry.  | 12 canes for \$1.85. | 25 for \$3.50. | 100 for \$11.00.                     |
| Rhubarb.           | Ruby Red.            | Each \$ .60.   | 5 for \$2.75; McDonald. Each \$ .60. |
|                    |                      | 5 for \$2.75.  |                                      |
|                    |                      |                |                                      |
| Strawberry Plants. | Dunlap.              | 25 for \$1.00. | 100 for \$3.00;                      |

## GUARANTEE

We guarantee our stock to be of high quality, been properly handled, and to reach you in good condition for planting. Examine it carefully upon arrival; if you are not satisfied, return it at once and we shall replace it or refund your money.

If it fails to grow we shall replace it at one-half the original price, providing you notify us before October 1, 1955 and include one-half the original price with your letter.

If is our sincere desire to please you, and to give you utmost satisfaction so that we may have your continued patronage.

## Risk

All stock is delivered to carrier lines in good condition and our responsibility ceases upon receipt of bill of lading. Claims for damage, loss or delay in transit should be filed with carrier upon arrival.

## Parcel Post Orders

On orders of \$3.00 or more, add 10% to the amount of the order. On all orders of less than \$3.00 add 35c for packing and postage.

Evergreens, shrubs and shade trees which are to be shipped by railroads, express or freight must be boxed or baled and we must make a charge for this as our prices are all based on calling for them here at the nursery. Such charges can not be determined beforehand and we will send you invoice for this at time of shipment.

Prices subject to change without notice.

Write for our wholesale prices.

## Hardy Ferns

Hardy ferns are some of the most useful plants for landscaping and foundation plantings. They are especially well adapted for building where few other plants succeed. They form a suitable combination with wild flowers and shrubs, and add charm to the shady garden look.

Following is an index showing their adaptability to various conditions:

|                       |                |
|-----------------------|----------------|
| <b>B—Rock gardens</b> | <b>S—Shade</b> |
| <b>O—Open</b>         | <b>M—Moist</b> |
| <b>F—Foundation</b>   |                |

American Maidenhair (*Adiantum pedatum*)—RSF. The spreading roots lie close to the surface and must be covered with leaf mold or other organic matter. Grows 12 to 15 inches high.

Interrupted Fern. (*Osmundea claytoniana*)—RBS. Grows to a height of four feet.

Lady Fern. (*Athyrium filix-femina*)—ROS. For foundation planting and summer shade. Grows 1 to 2 feet high.

Ostrich Fern. (*Pteretis nodulosa*)—ROS. Grows to a height of three or four feet.

Polypodium. Common. (*Polyodium vulgare*)—RS. Four to six inches high.

All ferns 25c each.

## Wild Flowers

We offer a wide assortment of these plants. The varieties offered have all been hardy in our territory for many years. Although hardy, they require some covering in winter. As an aid in selecting suitable plants the following index may be helpful.

R—Rock gardens

S—Shade

O—Open, sunny situations

M—for bog, marsh or wet situations

W—Wall garden

Anemone. (Windflower)—RO. (Canadense) Grows six to twelve inches high. White flowers in May.

RS—(Sylvestris) Large pure white fragrant flowers.
